Lighting Candles Worldwide

THREE SIDES TO EVERY STORY, INC.

Mission Statement.

Our mission at Three Sides to Every Story is a very simple one, the “Unity” for children and their families after separation and/or divorce is our goal.

Our founder has found herself amidst the battle of her life when her son lost his children through divorce. The lies and frauds that have been committed to keep these children away from their father for eight very long years was something she did not want to relive in her life...for she herself having been the target of the same type of abuse and deception as a child.

We strive to bring awareness to the plight of the children and their families.

No child deserves to go to bed at night without feeling loved by both parents and both sides of grandparents and all of their extended family.

Our goal is to educate not only both parents, but to bring awareness to all those who are responsible for writing the laws of our Countries.

“Children Need Both Parents”

and by all means

“They Deserve to Have Loving Grandparents”

LIGHTING CANDLES WORLDWIDE

Imagine for a moment Lighting Candles World Wide and all at the same time. Imagine your child knowing we are Lighting Candles World Wide just for them.

We have given this a lot of thought and we have come to the conclusion that everyone can light a candle at their home or in their home town at a designated place.

You can be a part of Lighting Candles World Wide to represent a united front for the children and their need to have both parents and grandparents in their lives.

We have chosen **December 18, 2008** for our first annual Lighting Candles World Wide which is exactly one week before Christmas, for this being the hardest time of year for those who miss their children, but especially for the children who are alienated from one of their parents and/or any of their grandparents, or in some cases of their siblings and extended family.

We realize that in far too many cases the children pay a very high price for their adult parents' actions. We are asking everyone to come together on this very special day of Lighting Candles World Wide. One candle lit from each and every one of us at the same time will make a vibrant light world wide and make this a very special Christmas.

We believe if asked, a child would pick to have both parents instead of just one. We also believe that a child should not be forced or tricked into giving up a parent because the other parent no longer needs or wants that parent.

We are asking for everyone to put the children first and allow our respective Countries to heal the family. There is nothing more important then family. There is no greater gift then family.

Our second annual Lighting Candles World Wide will be **April 25, 2009**.
